Remark Holdings Announces Agreement with Leading Chinese Retailer, Beijing Hualian Group

February 5, 2018

LAS VEGAS, Feb. 5, 2018 /PRNewswire/ -- Remark Holdings, Inc. (NASDAQ: MARK), a global technology company focused on providing artificial intelligence ("AI") solutions, announced that after four months of testing, Beijing Hualian Group, one of China's largest retailers, selected KanKan, Remark Holdings' artificial intelligence platform, as its data and AI solution partner. Remark and Beijing Hualian Group will work in partnership to apply KanKan's data and AI solutions to many of Beijing Hualian Group's retail businesses, such as shopping malls, supermarkets, coffee chains and fast food outlets. The strong partnership introduces KanKan's data and AI technology products and services into large retail businesses, and Remark is confident that this agreement will lead to the company securing more deals in the retail space in the future. Remark expects the agreement with Beijing Hualian Group represents a multi-million-dollar revenue opportunity during the next 24 months and beyond.

"We continue to work hard to bring game-changing AI products and services to market as rapidly and successfully as possible," stated Kai-Shing Tao, Chairman and CEO of Remark Holdings. "Our agreement with Beijing Hualian Group is another in a series of recent agreements that we believe demonstrate our success in applying KanKan's advanced data and AI technologies across various industries."
