## Remark Holdings Reports Second Quarter 2017 Results

- Increased net revenue 15% in second quarter 2017 and 11% year-to-date 2017 over the same periods of 2016 -
- Reported \$1 million of revenue from KanKan operations for the first six months of 2017 -

**LAS VEGAS, NV - August 10, 2017** - Remark Holdings, Inc. (NASDAQ: MARK), a global digital media technology company, reported its financial results for the second quarter of 2017.

“We are pleased with the continued revenue growth of our business, including the revenue contribution from our KanKan Artificial Intelligence Platform,” stated Kai-Shing Tao, Remark Holdings’ Chairman and CEO. “KanKan, continues to meet and surpass our own expectations in terms of both business and technological milestones. We anticipate continued revenue growth throughout 2017 as our FinTech platform continues to expand and gain traction, and our new deep-learning-based content filter begins to meaningfully contribute to revenue. Lastly, we are pleased to announce our signed deal with Sina Weibo, one of the world’s largest social media companies, in providing them the leading mobile 3D facial tracking technology based upon our artificial intelligence platform. These initiatives should bring us to our goal of surpassing \$5 million in revenue contribution from KanKan in 2017. We also expect reductions in our cost of revenue related to the KanKan business as we begin to benefit from our data partnerships with Alibaba Cloud and TenCent. Also, we believe the encouraging early-stage results from the rollout of our KanKan products will set the stage for continued growth in 2018.

“Through ongoing technology and feature enhancements, we have continued to achieve strong results from Vegas.com. For example, conversion rates increased year-over-year in the second quarter and year-to-date period in most product categories. Overall, we expect to continue enhancing Vegas.com to support its ongoing strong performance, which is evidenced in part by the strong start to the third quarter where Vegas.com has achieved 15 of the top 20 show ticket sale days in its history since July 1, 2017,” concluded Mr. Tao.
